

June 1 was the first Good News Group / Habitat workday for FUMC A2. Our Construction Team was Kiyoshi Urabe, Al Alan Metz, Linda Labarre, Josh Warn, Sarah Batzer, Tim Jasina, Don Whitacre, Kai Whitacre and myself. Our Lunch Crew were Cheri Wickham, Julie Roesch and Susan Baily.

We had split duties. Linda, Sarah, Tim and myself went to 626 Lynne to clean up after the electricians, reorganize the garage and paint interior rafters and wall panels that experienced smoke damage prior to Habitat getting the house.

The rest of the team put on some of the finishing touches on the 2023 Good News Group House at 1120 Studebaker. Al and Josh spread dirt and grass seed. Kiyoshi, Don and Kai installed floor trim.

Lunch – Cheri and Julie at the table; Susan at table next to Sarah
